Hello,

We're so pleased your young person has decided to join us for King's Club Extra by Post this summer. Through the daily discussion topics we aim to engage them in thinking about Christianity. There are also some craft options and ideas of games that you could play together. We have divided King's Club by Post into five different sessions, focusing on some key areas of the Christian faith. You could do all five days during the week that King's Club Extra would normally take place or spread the activities out across the whole of the summer holiday.

Hopefully by now you should have received a parcel that contains a workbook, along with some craft resources and a pack of activity cards. You may want to support and supervise your young people appropriately for the sessions and activities and particular points to consider are listed below.

In a separate attachment are the internet links for each session, one per day. We recommend that you watch these videos with your young people or preview them. Whilst every effort has been made to check links, we are not responsible for the content that has been altered or changed since these checks were made. Be aware that many of these links include advertising beforehand or as a banner and may automatically play the next video clip on the platform's schedule afterwards (you can disable the auto play on YouTube). We have no control over advertising or following clips.

Finally, we would love to see what people are doing and so we suggest that any pictures of young people taking part in King's Club Extra by post can be emailed for display in our virtual art gallery. Please ensure that there are no people in the photographs – just what has been made.

Pictures can be emailed to: kingsclubnydmc@outlook.com

You can visit our virtual art gallery at: www.nydalesmeth.org.uk

We hope you and your young people enjoy King's Club by Post. If you want to find out more about the Christian Faith email kingsclubnydmc@outlook.com and we will put you in touch with your local church and closest youth group.

God bless,

The King's Club Extra Team

Points to be aware of:

- Paracord Bracelet - WARNING the video uses a lighter (at 13:33 minutes) to melt the ends of the paracord to stop it from fraying.
